Please pay particular attention to the following dimensions for our Banner Bug retractable roll up system. We have a **Visual Area Size** and an **Overall Trim Size.** The overall Trim size includes (10mm) at the top and the bottom bleed is (200mm) to allow for application to the stand. The top (10mm) excess is folded to create a pocket and the bottom (200mm) is applied to the mechansim inside the unit, leaving the Visual Area exposed for view. Pay attention to this **Visual Area** during the Design Process, ensuring text and logos are kept within it
